

BONALDO

AX

Designer: Gino Carollo

Un tavolo di design dove essenzialità geometrica e linearità sono scelte di un linguaggio progettuale per il tavolo AX improntato alla semplicità, ma connotato anche da una solida concretezza, sottolineata dall'importante basamento. Il fascino del contrasto materico tra piano e gambe rende superfluo qualsiasi decorativismo, esaltando la purezza del disegno e l'eccellenza artigianale di Bonaldo. Un tavolo che può essere rettangolare o a botte, dove a sottolineare il segno contemporaneo del progetto è la giustapposizione di materiali molto diversi tra loro: le gambe infatti sono proposte in metallo verniciato in numerose varianti cromatiche; il piano, sia nella versione fissa che in quella allungabile, è disponibile in legno, cristallo o ceramica. Disponibile anche l'omonima console (AX Console), per creare ambienti dallo stile coordinato.
